01 Insights from new data

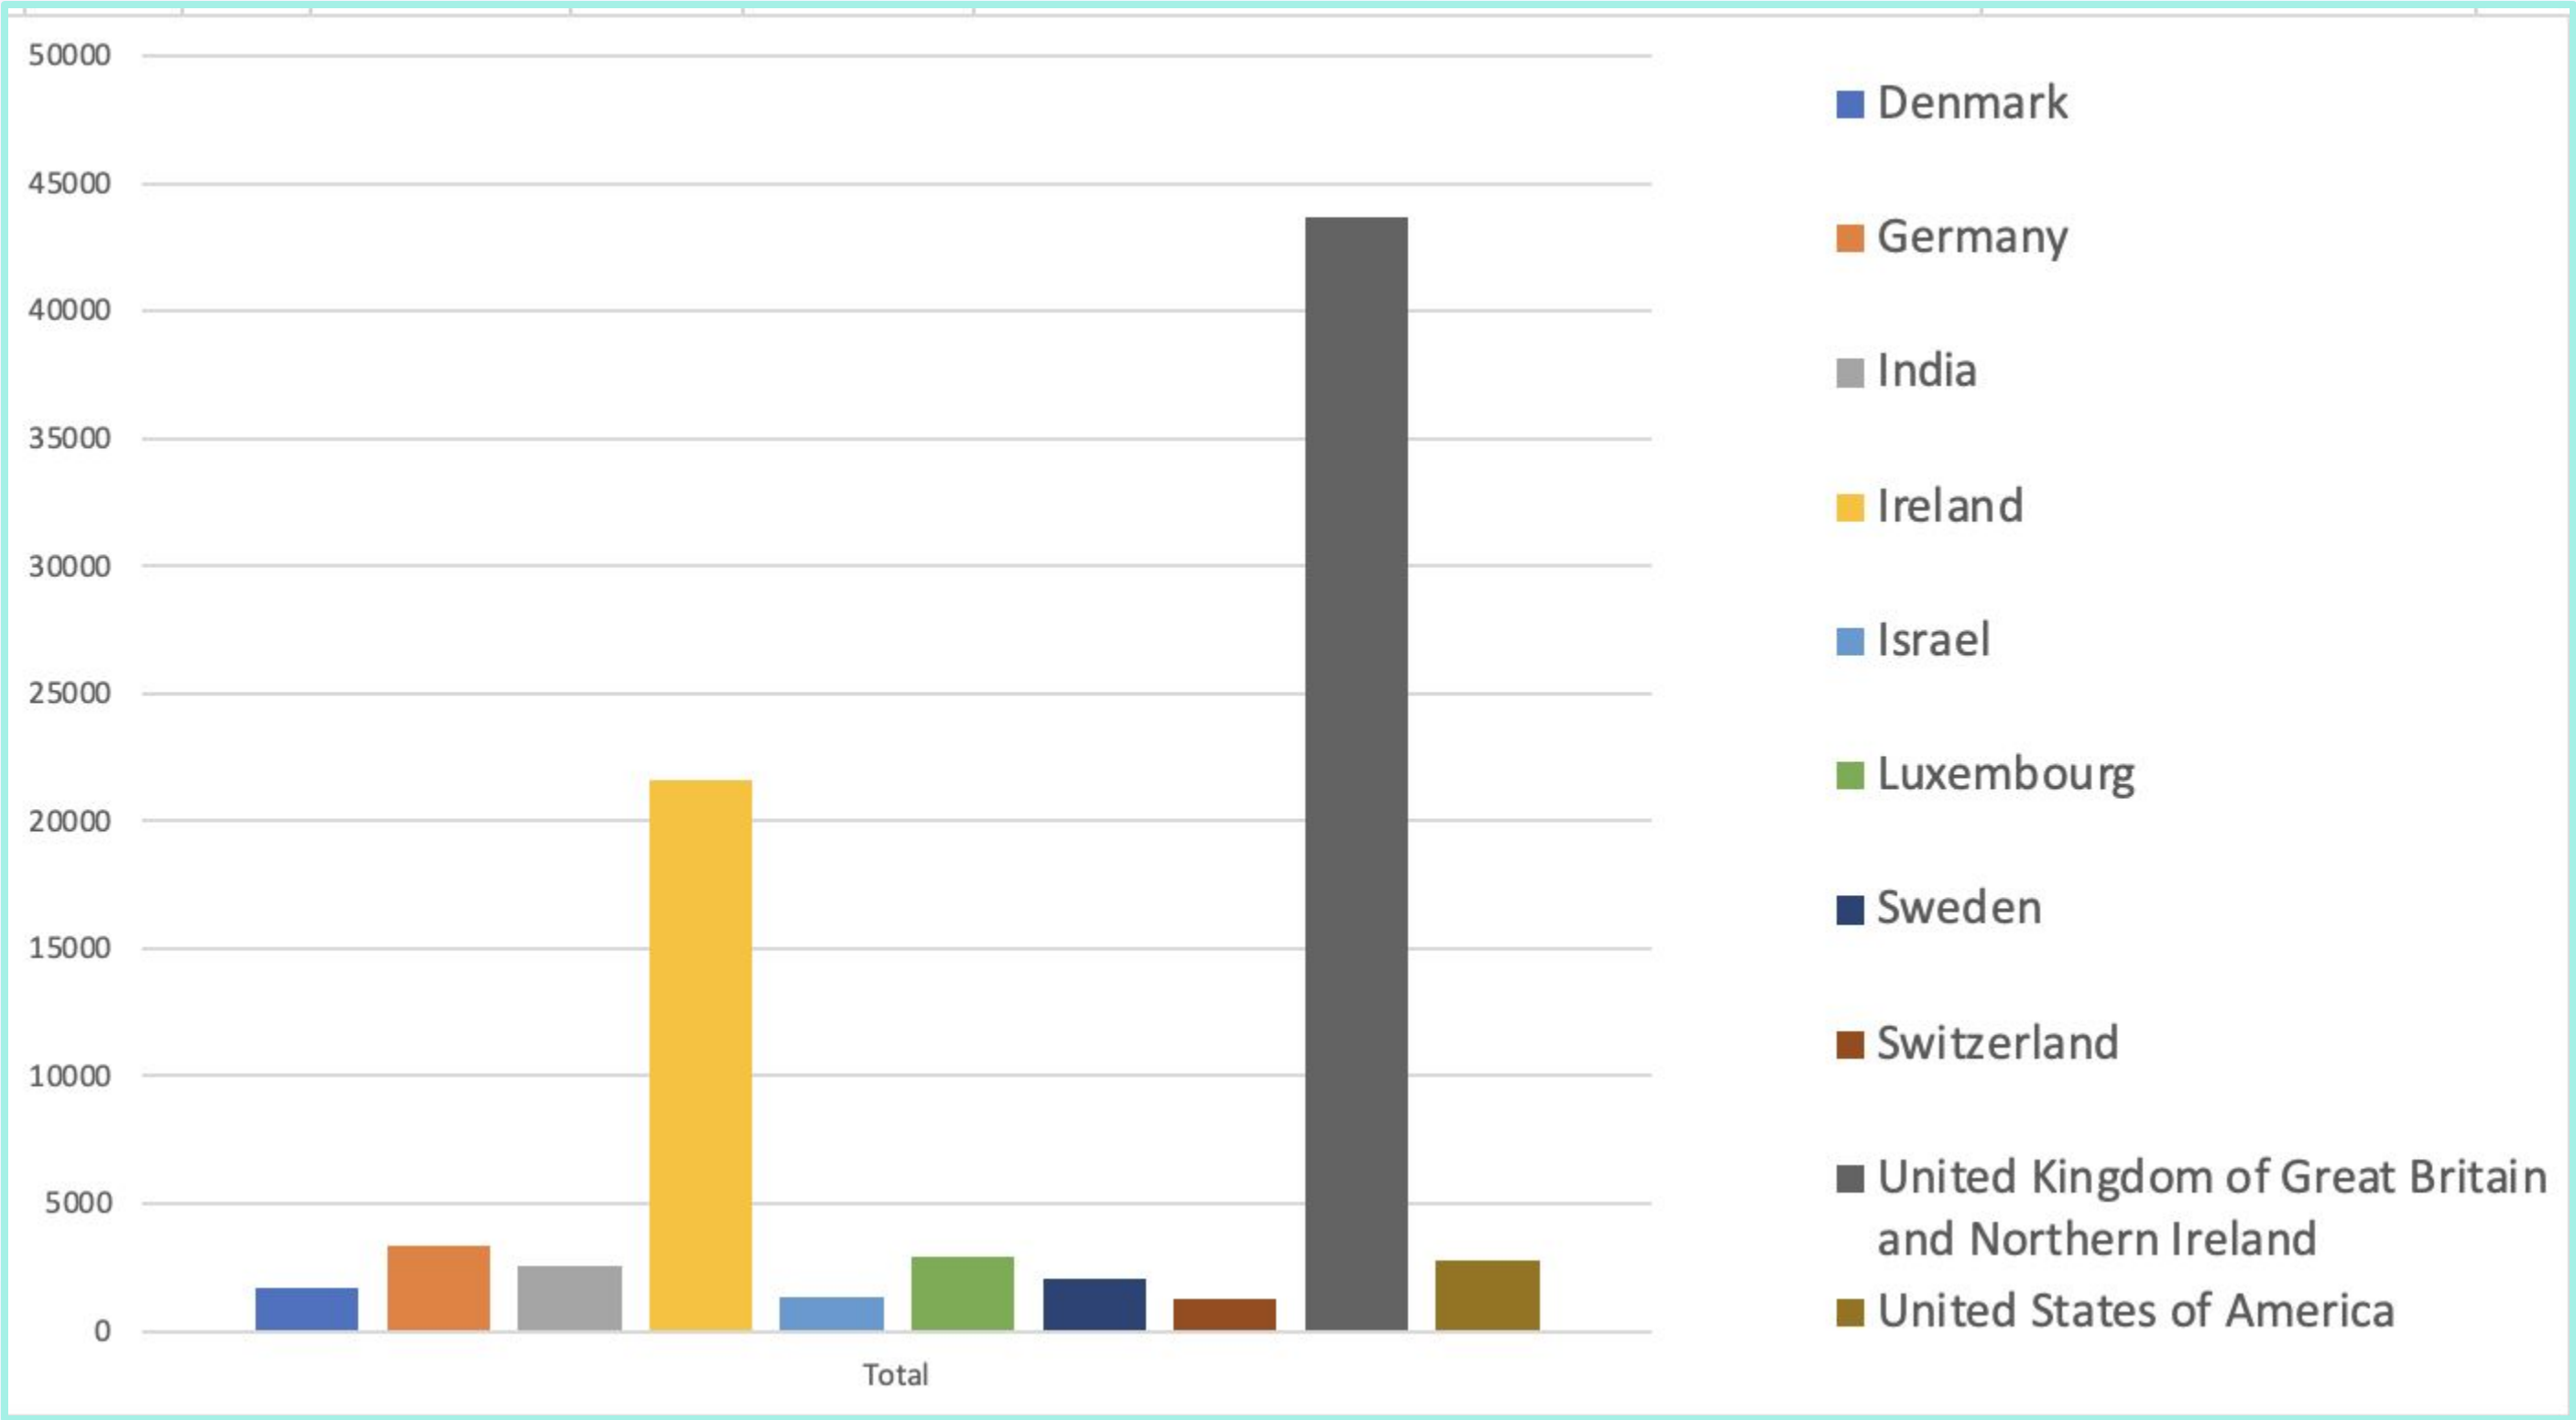

LATAM

Total: 11.265

EMEA

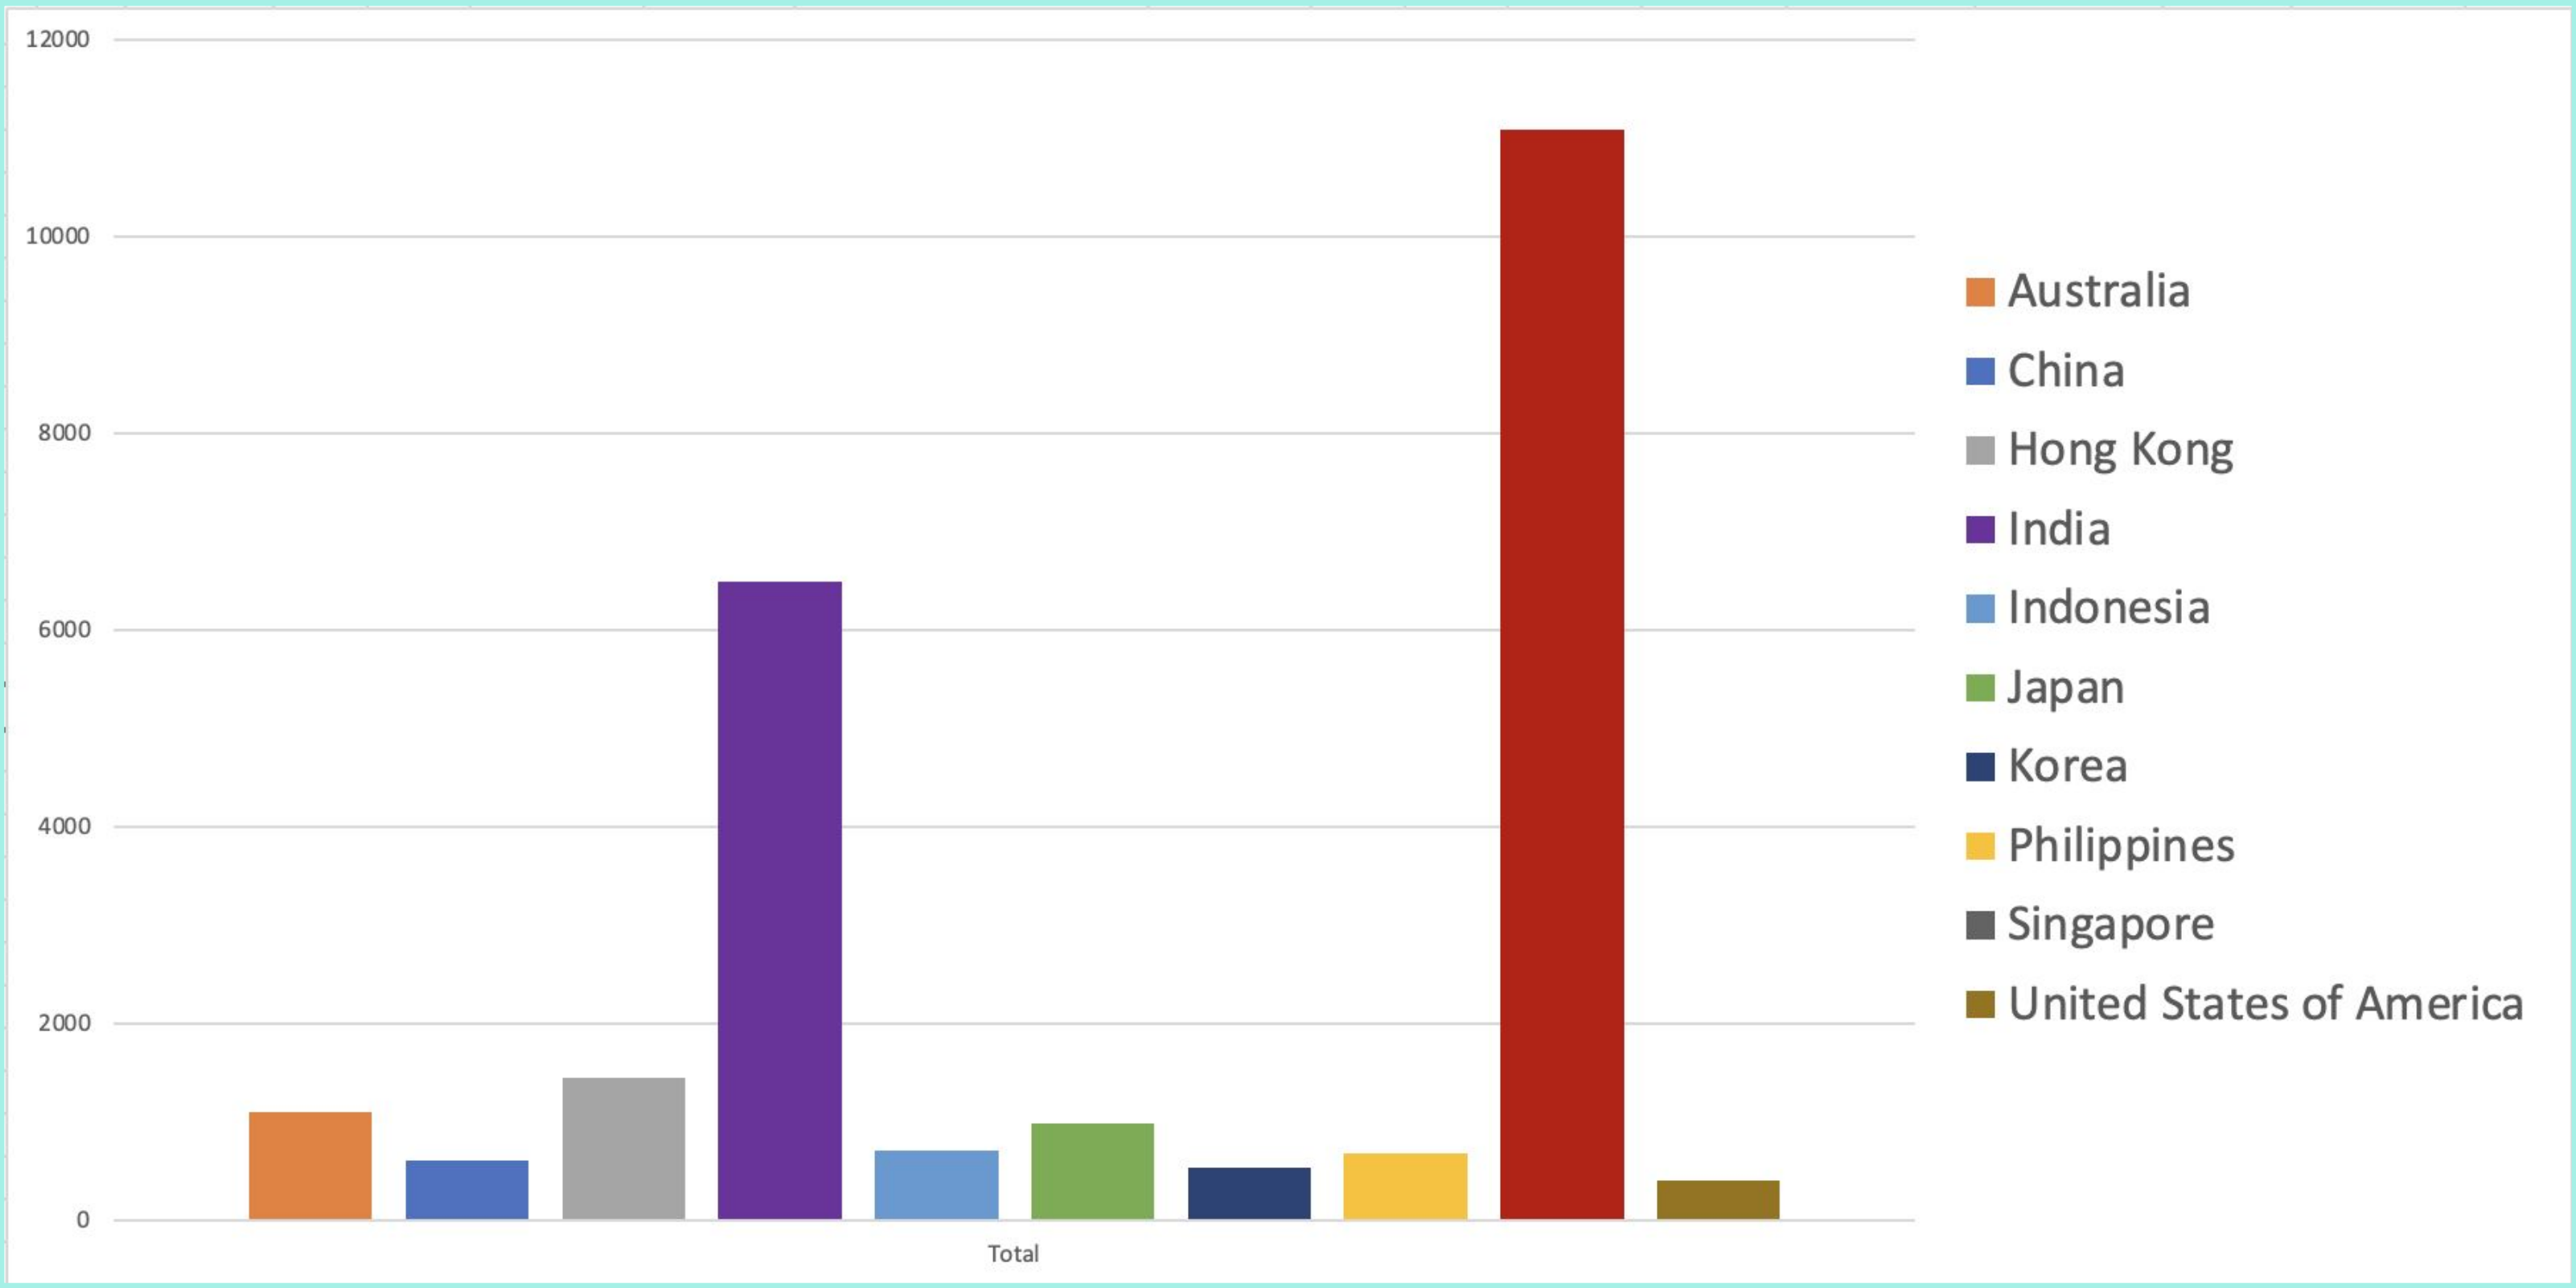

Total: 95.051

*10 main countries

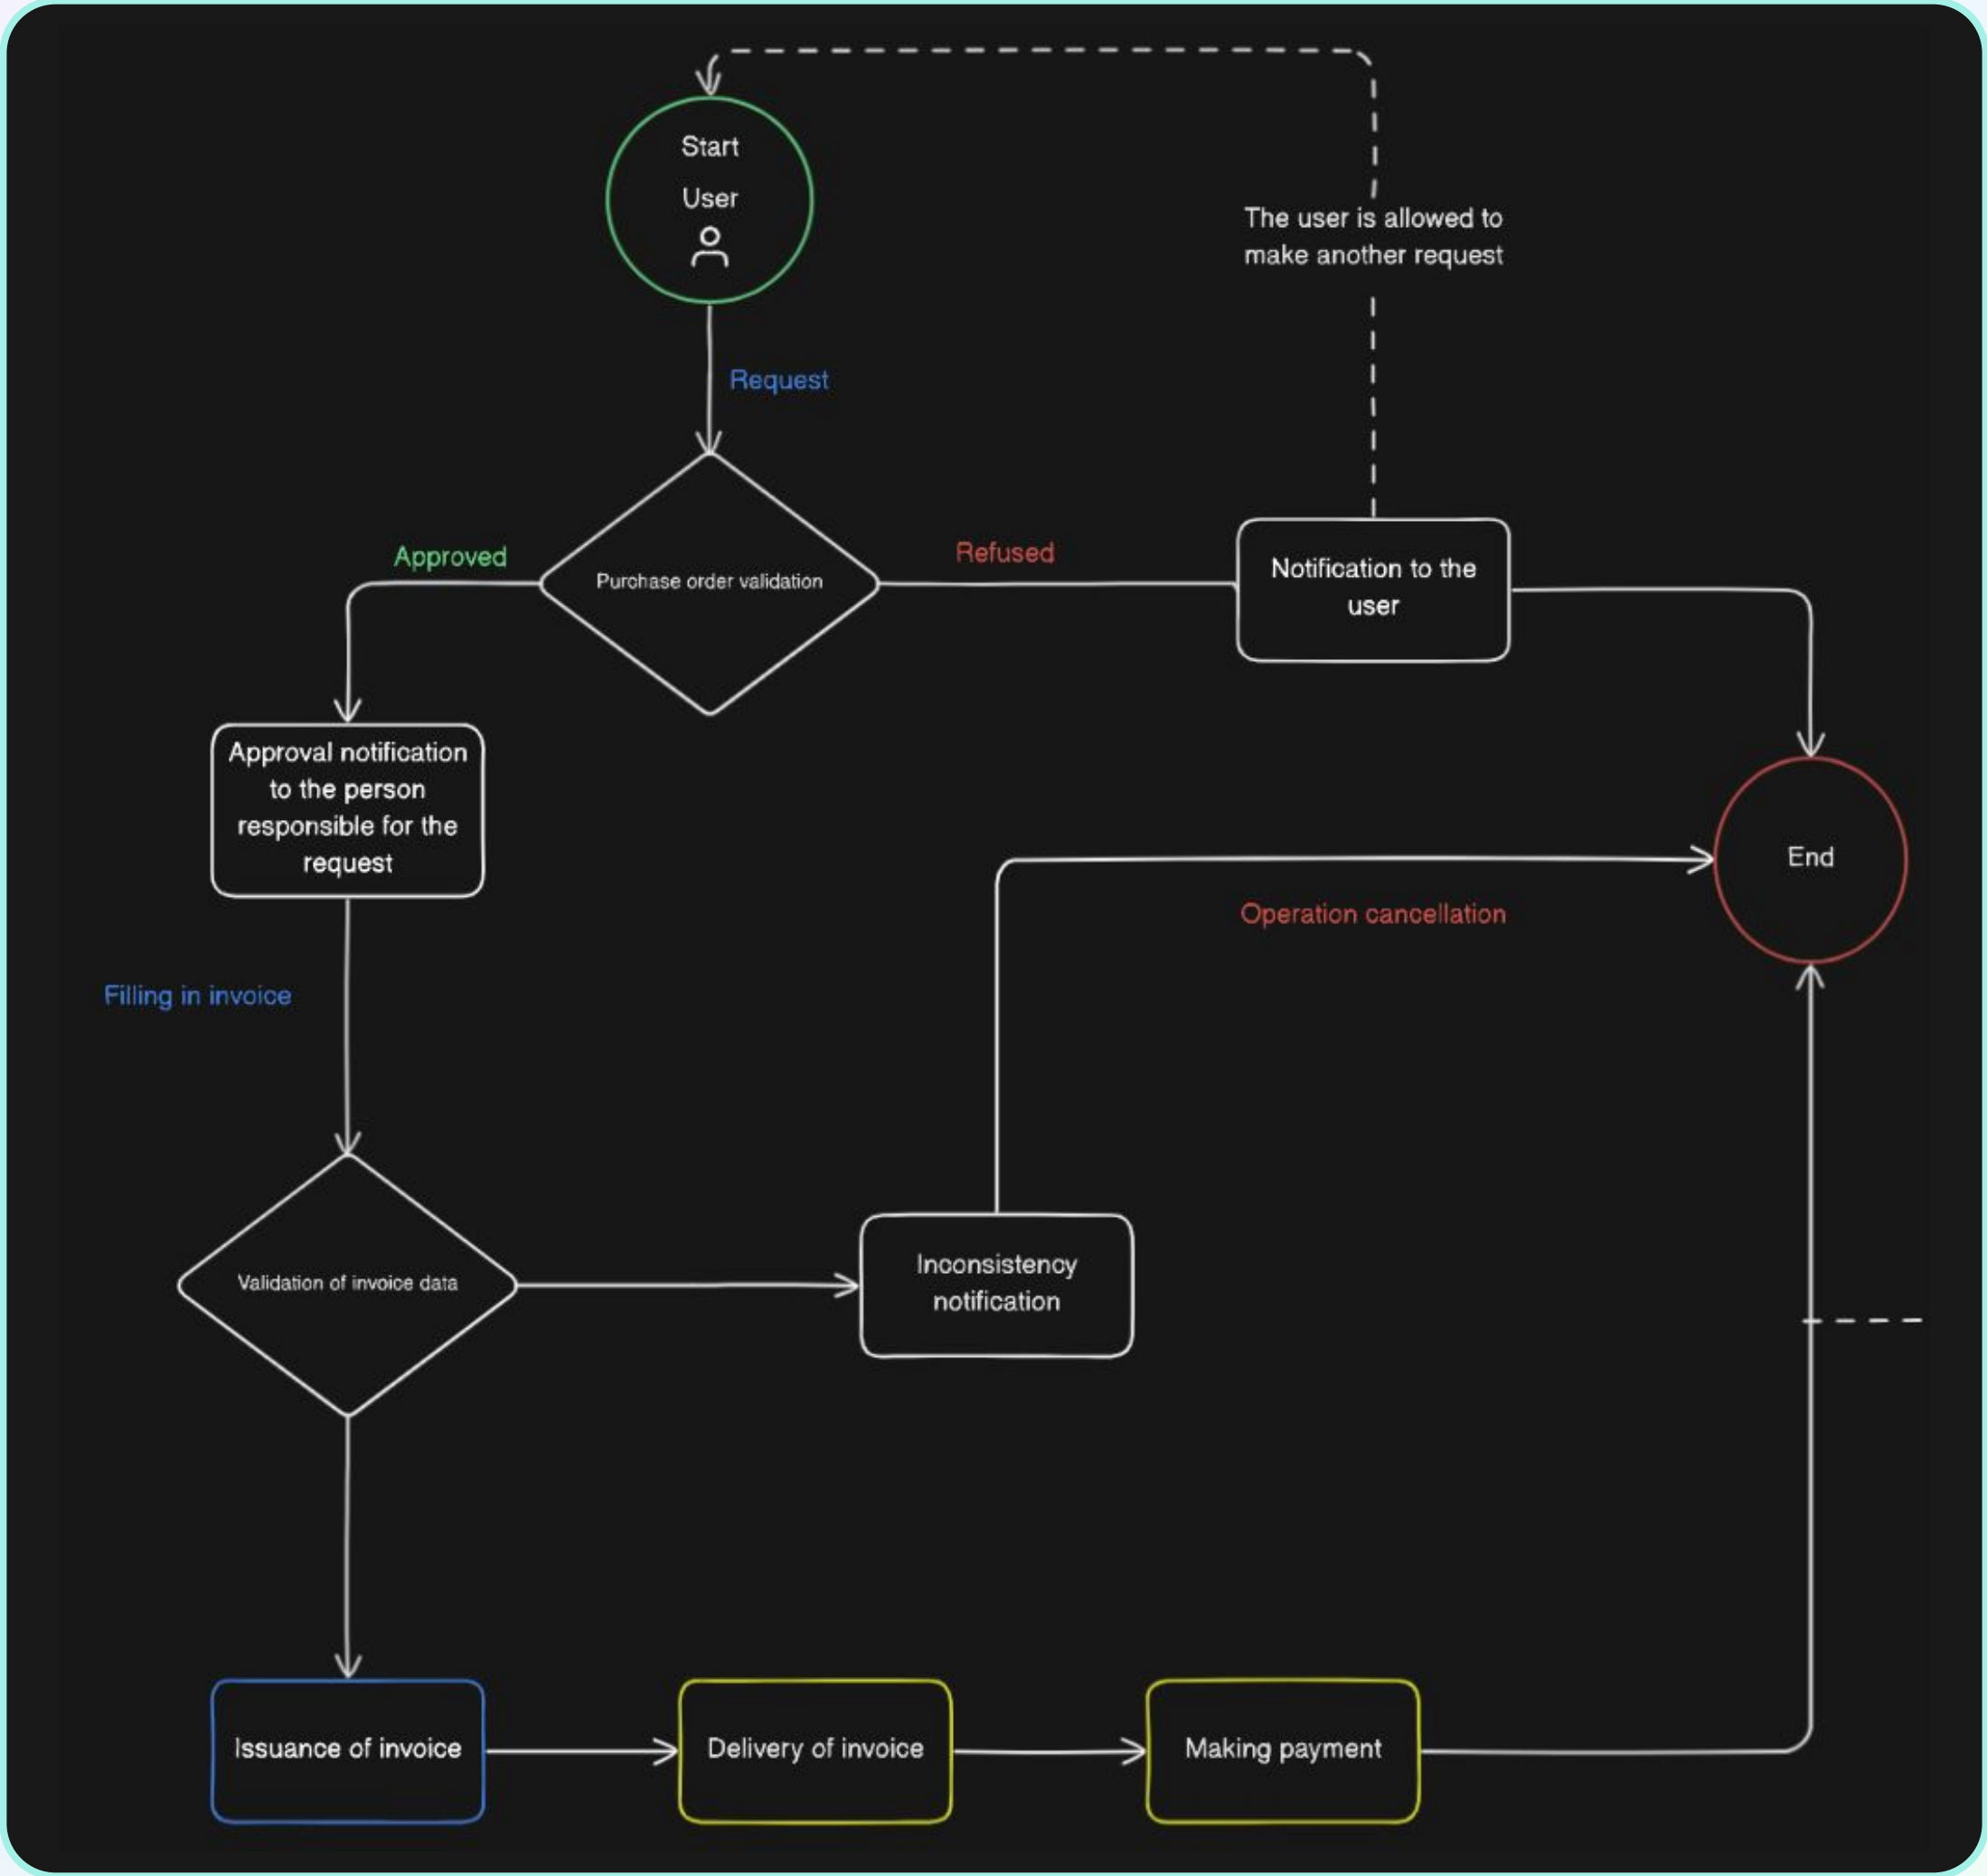

APAC

Total: 25.194

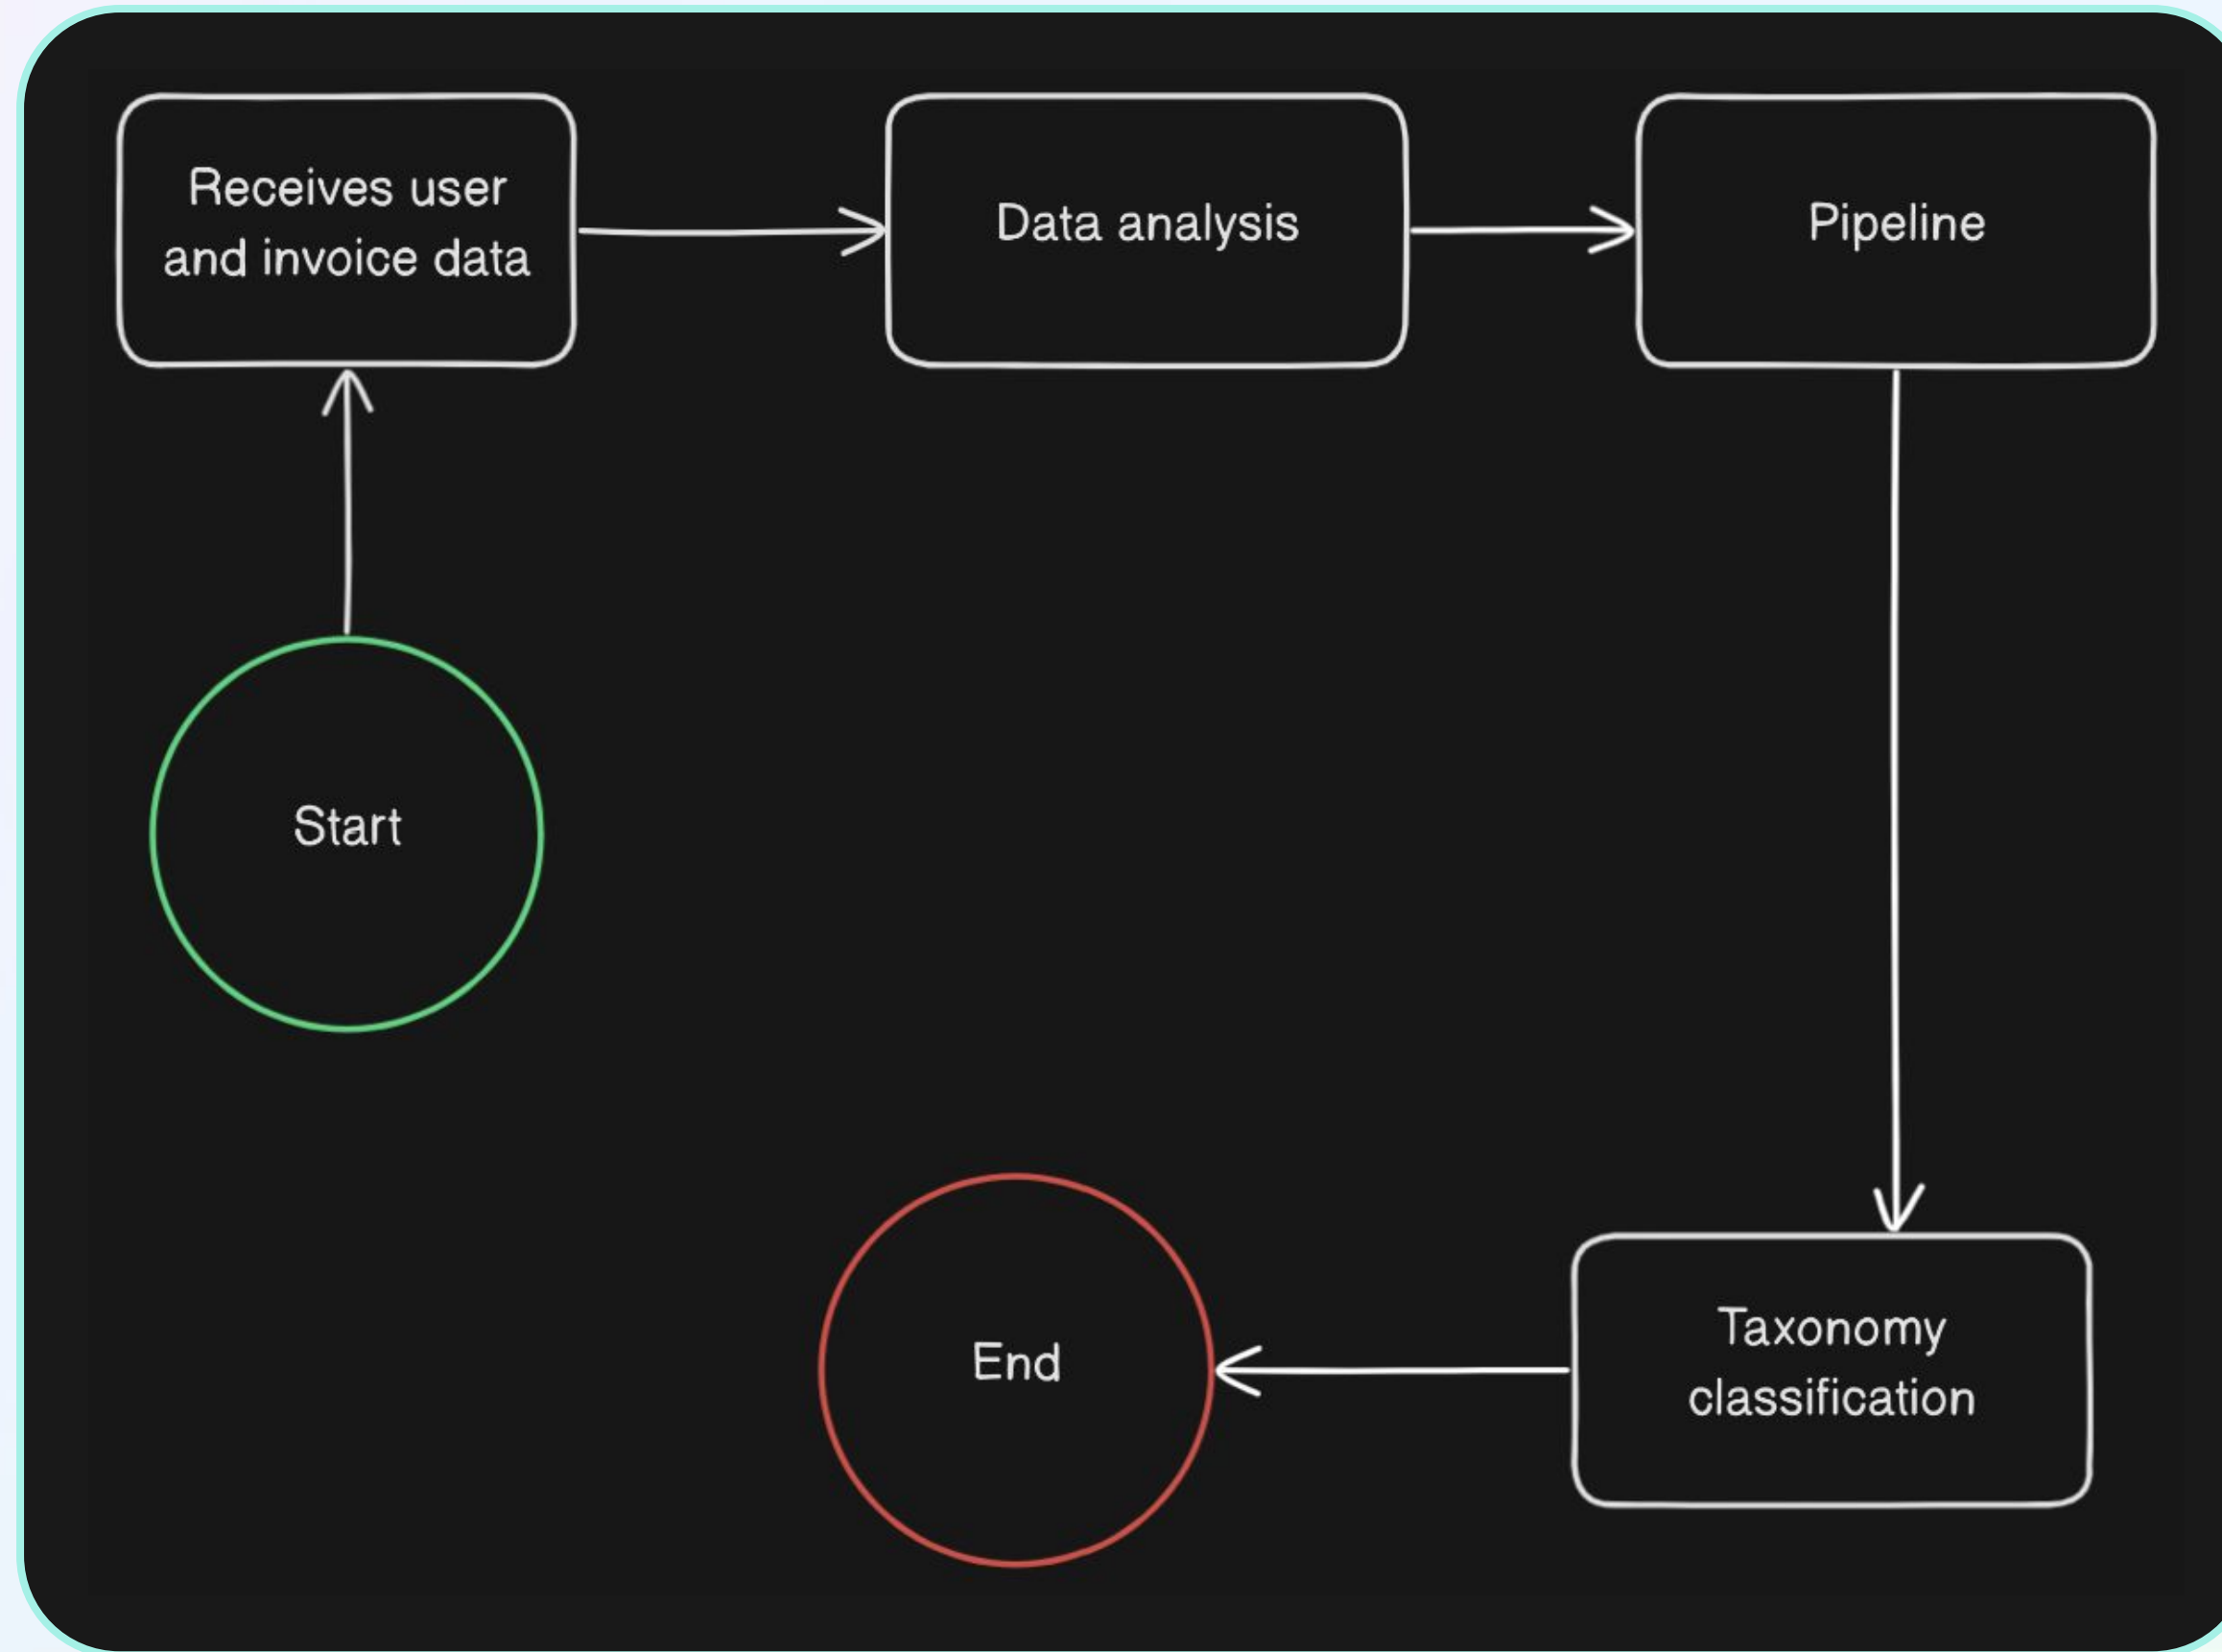

*10 main countries

02 Old architecture

AI META Process

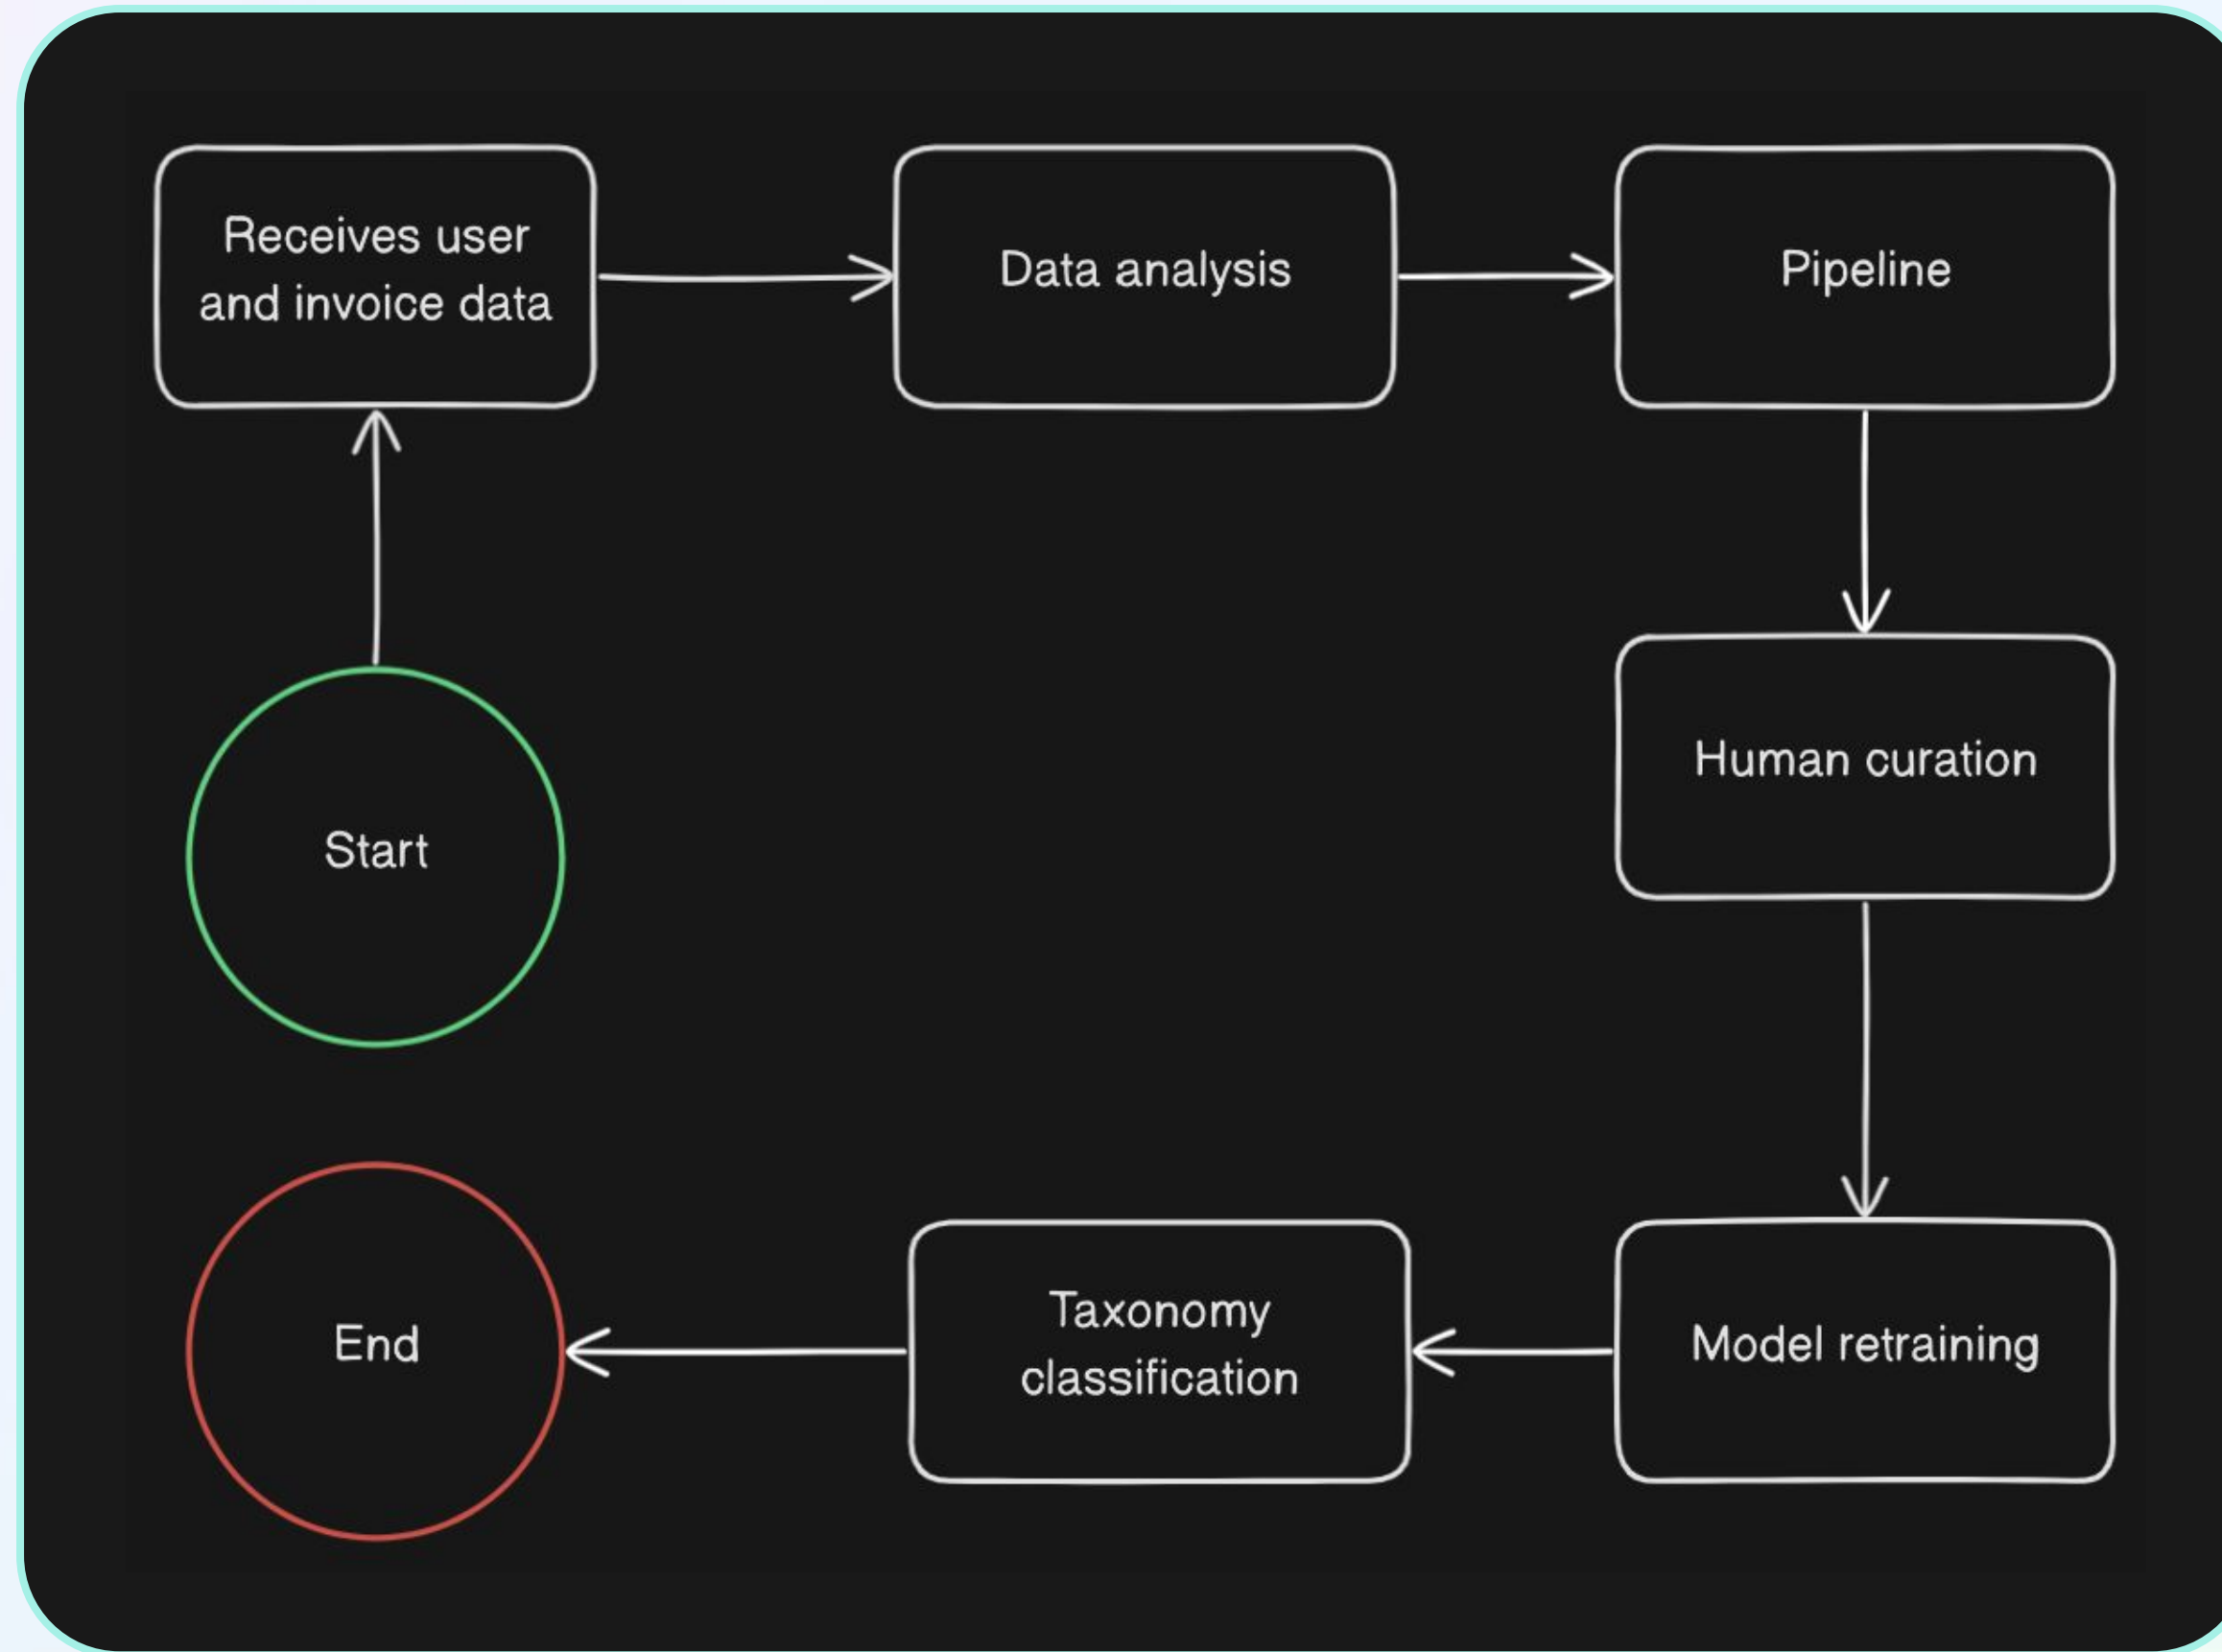

03 Pains

- ❏ AI META Process
- ❏ What is wrong?
- ❏ Classification
- ❏ Accuracy

04 New architecture

AI META Process

05 Next steps

01

- Business understanding
- RNFs
- Data analysis
- Simulations v01

02

- Assessment of the current system (technologies)
- Architecture 2.0 (specification and enhancement)
- Explore AI entry points
- Component simulation

03

- Development of non-functional tests
- Implementation of architectural mechanisms
- TDD

04
